Henry Russell Thorne,
Dear Sir:—

Your letter is just received. At the convention of the American Numismatic Association in Chicago, Wednesday, Oct. 7, 1891, your name was proposed for membership by President William G. Jerrens, Jr., and you were declared a member. I have therefore listed you as such.

As I understand it, members will place their coins in little envelopes or boxes, and mark their price upon the envelope or box. Collectors wishing coins on approval will write to Mr. Rode, saying what class of pieces they want,

First National Fire Insurance Company Worcester, Mass.

1899

and he will make up a lot to please them as best he can. The exchange department is not yet in operation, and I do not understand what sort of "packages" will be furnished by the Superintendent of Exchange.

Many thanks for your kind words as expressed for the Association. Of course we shall have to begin in a humble way and work up. Actors who commence by "starring" seldom succeed, as Mr. Joseph Jefferson says in his autobiography. The older and more advanced collectors are now coming in; with your letter came the application of Mr. Lyman

H. Low. I suppose dealers who are members will be allowed to put their coins on a circuit. I can see no valid objection to their doing so. Collectors are not obliged to buy, and they usually like to see nice coins even if they cannot purchase. I consider it a great privilege for collectors to see coins offered by dealers who are too far away to be visited.

Again thanking you for your encouragement, I am,

Yours Truly,
Charles T. Tatman.

My Dear Mr. Ingersoll

As I find it will
be impossible for me to attend
the Special Meeting next Thursday
evening, I take the liberty to
ask if you will kindly find
out the pleasure of the Committee
regarding those gentlemen who
have not paid their dues. I
add a list of those who owe ten
dollars or more.

A. A. Anderson from April 15th 1892
Mr. Anderson is collecting

O. Peckham & Blake 4 years \$10.00
 W. H. Severus Nov. 15th 1889 \$11.68
 H. C. Severel Dec. 15th 1889 \$15.84
 Agnes Wright Christie two years \$10.00
 O. C. Hofford May 1889 \$14.20
 O. Chas. Stegerwalt elected
 May 15th 1891 and never paid for \$4.00
 C. B. Salghammer two years \$10.00
 O. Cornelius W. Ward
 address unknown \$19.62

As another numismatic
year is about to commence
it would seem that it might
be well to prune out a little
of this dead wood. To Mr. Stipewalt,
I have sent a number of communications
including a personal note, but
he has not taken the slightest notice
of any. Very respectfully,

Office of THE PUBLISHER'S WEEKLY,

[R. R. BOWKER,]

FRANKLIN SQUARE (330 PEARL STREET),

NEW YORK, Feb. 26th, 1892.

Dictated.

On the fly leaf of this sheet you will find a list from the Appendix of the American Catalogue, 1884-90, of those publications of your Society, within the period July 1, 1884, to June 30, 1890, of which information could be obtained. This material is held in type with the intention, first, of obtaining a correction and completion of the record within this period, and, secondly, of carrying back the record to the beginning of the several Societies, and bringing it up to date. Will you therefore on the fly leaf herewith.

(1st.) Correct the name and address of your Society, and give the date of its foundation, the name of the permanent secretary or executive officer, if there is one, and the place of its annual meeting.

(2d.) Complete and correct list of publications for the period indicated.

(3d.) Give list of preceding publications from the beginning of the Society to the period indicated.

(4th.) Give any additions between the end of this period and the present time.

This does not involve so much labor as the request at first sight seems to indicate, and it is believed that the material thus obtained, when published, will be of considerable interest and value, both to the societies, and to libraries and scholars generally. After entering these data, please tear off the fly sheet and mail to the American Catalogue, P. O. Box 943, New York

Dear Mr. Browne,

Yesterday Mr. Samuel
W. Schafer's bill was returned
to me without money written
upon as you will see by the
enclosure. I presume it is meant
as a resignation, though I do
not exactly see how a firm
can resign for an individual
or exactly what he means by
speaking of a "subscription." I

far does can scarcely be called
a subscription, what do you think
we better do about it. Would you
consider it a regular resignation?
The dues are coming in pretty
well, though only from those
members who always pay
promptly. Tomorrow I presume
I will "make the last call"
out to our friend "Mrs Chatham".

My dear Sir

In order to print our Annual Proceedings and papers read before the Society from 1887 to date, together with the History of the Society and Roll of Members — also to defray the expenses of moving to our new quarters in the Academy of Medicine Building, new fittings etc, it will be necessary to raise \$500.00

Of this sum we have now subscriptions from a few members for over \$300.00 and hope ere long to have the required amount.

Trusting that you feel willing to assist us in this project and hoping to hear from you

I remain yours respectfully

There is another matter which, though it occurred before I became Librarian, I would like to bring to the notice of the Society.

We received some months ago a donation of 8 shortly followed by another of 48 ~~books~~ ~~Standard~~ ~~which~~ ~~consisted~~ of Standard and valuable books on the coins of France, Germany, Bohemia, Russia, Rome, British Colonies and many other countries, all handsomely bound and forming one of the most important gifts ever received by the Society.

I have sometimes experienced the generosity of our honourable President - Mr. Samuel Parish - that it seems almost superfluous to say that these books were presented to him and they form one of the many evidences that we have all around us of his generosity and interest in the Society, and it seems to me that the Society should take some action in the matter. It is late I am willing to admit and should have been brought up before but "it's better late than never."

Respectfully submitted

it was "a perpetual motion"

just now, we must wait for
 aerophonic communication
 with its inhabitants to be
 assured of.

In those "earlier days" we were
 doubtfully ^{were} a very conceited lot.
 (I) I was a member almost
 from the Society's inception &
 and recollect somewhat vividly,
 and we gloried in having an
 Astor Librarian as President,
 a few broken down but literary
 and "Walking-Dictionary"
 clergymen as members;
 ponderous announcements of
 our "Proceedings" in the newspapers;
 and Sculpto-Dentists with

great horses and assumptive
tendencies, to give us "Recep-
tions" with dances, ice-cream,
and novelette-writing spinsters
of dubious beauty & culture
thrown in.

But this froth, altho it drew
public notice to us and as
Corresponding Secretary I answered
innumerable letters from
"Podunk-don" about the value
of a farthing of Queen Anne
(the "Quingle Ann" cottage had not
then come into vogue), and
a blind half-cent of no date,
etc etc, - did not give us
that prestige for owlshness
that was demanded by our
~~doctrinaire~~ doctrinaire brethren
of Boston, Philadelphia, and
London, and the Society fell into

 still kept up by a cherishing
 and almost hapless few, the
 late Mr. Oliver, Mr. Edward

 my humble self, altho we
 held no regular meetings.
 Mr. Groh boxed up the munis-

 us to hold on, "there must

other "archaeologies" (!) in
his office and, so far as
I know, they have been hang-
ing there ever since, tho'
just where his office "hangs
out" at this moment is
a reservation question.

Finally the late Prof. Anthony
was "roped in" to give the stamp
of his erudite mind to
the Society; the Journal,
already started, but having
a weak foothold, commenced
to reflect something besides
the minutes of the last
meeting were read & approved,

EXTRACT FROM THE PRESIDENT'S ADDRESS AT THE ANNUAL
MEETING OF THE DRAWING ROOM, APRIL 30, 1891.

* * * Clubs are an outcome of the former Salon.

When culture and refinement were the privilege of a few among the nobility, the learned professions and men and women of rare genius or, at least, of great talent, the Salon was admirably adapted for the reunions of these cultivated people whose interests did not extend beyond the small circle of their immediate friends. But, with the growth of general education, these brilliant centres of intelligence and wit had to disappear never to be recalled again.

The complexity and extent of political, social, industrial and commercial interests at the present stage of civilization, requires a different kind of institution for the sifting of ideas — this is the modern club; and the constantly increasing number of magnificent clubs all over the civilized world, shows that these are a necessity and not a passing fashion. However, like many other necessary and useful institutions, the existing clubs conceal an inherent element injurious to the welfare of society; the men are apt to spend too much time away from the family leaving the women to their

My dear Mr. Brewster,

I have just received a very nice note from Mr. A. H. Sargent regarding a check for \$25. According to me last this means \$4.99. I have just written to Mr. Sargent in Charles E. Fernald's name and advance with intended writing several more, but was interrupted, and now it is rather late, I will send you a list of all the letters I have written, in a day or two, I will try and make a list of the letters I have received, I will note the changes in membership roll, also put the Columbian Exhibit Committee in '92 Proceedings, as requested. It seems to me it would be well to answer the enclosed letter dividing the amount (\$500) by the number of members, Mr. Havemeyer's share would be nearly \$4, if he wants to pay his share, we will not object to receiving it, if other members choose to pay more than their share I do not know, as he has any cause to object I would not tell him exactly what his share is and request him to forward the amount.

June 30/42
My dear Mr. Dronne,

Yours of 24th evening, I do not think the postal from Shush is much to regret and, as far as Sam concerned, I intend to take no notice of it. I think much now that we have reached the end of our subscription list, and, considering that we started out to get \$200 and got \$156, I think we ought to be very well satisfied. I hear from Mr. Briggs that every one has paid up except Mr. Weller, would it not be well to ask Mr. Briggs to remind him that his subscription is due.

I did not write to Mr. Briggs about putting some of that money out as interest as it was so near the first of July that I thought it probable if he would get my letter in time, so I guess we might as well let things rest as they are until we know just how much we will have to use.

I am now sure to hear you are kind and very
believe luck next time. (Whately) from Hermann J. Muller

Dear Sir.

... for yours of
the 1st and I think the best thing we
can do in regard to the second of these
is to wait. In the first place we have
not been ^{officially} asked to join and in the
2^d place it will be necessary for all
parties to take considerable time & we
they come to a proper understanding as
to what they ought to do and what they
have a right to expect from each other,
otherwise there will be an immense amount
of disappointment on one or another.
I think that the American Committee

without asking favors from any one and
as our work is still in a way
~~not~~ to be done we have no time to lose.

... is no ~~secret~~ ^{truth} & do not ^{think} a slow
growth of members is any disadvantage
provided we get the right ones who do
not join in the name of it but because
they are interested in our aims, other
wise they might be a ~~draw back~~ instead
of a help. Yours sincerely

Report to
Curator of Anthropology

No. 21-182

To the President and Members of the
Am. Numismatic & Archaeological Society

Gentlemen:-

Since my last report, I am glad to say, space has been assigned for the display of archaeological specimens in one of our book-cases. Five shelves and five backboards have been covered with felt, and slats have been nailed across the backboards upon which small objects, such as arrowheads, are conveniently placed. Never before, so far as I am informed, have the specimens which we possess been shown to advantage. They are now, for the most part, arranged, numbered and catalogued.

Additions to the collection have been received as follows:-

1. A round white enameled snuff-box having a picture in colors of the fortifications of N.Y. (about 1770). Presented to the Society by *Charles J. Stupper of London, Eng.*
2. A, curious stone with a cavity opening into a hollow interior, found on Long Island and presented to the Society by William Poillon, Nov. 17th, 1892.

Further gifts to this department from members and others will be appreciated.

N.Y. Nov. 21st, 1892.
